REMARKS

By the paper mailed October 26, 2004 Claims 1-20 were rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-4 of U.S. Patent No. 6,670,619.B2. Enclosed herewith is a Terminal Disclaimer in compliance with 37 CFR 3.73(b). It is believed that this Terminal Disclaimer should overcome the rejection of Claims 1-20.

By this amendment, Claim 10 has been amended to correct a typographical error.

Claims 21-30 were rejected under 35 USC 102(b) as being anticipated by Eliasson, *et. al.*, (5,625,184). These claims have been cancelled.

New claims 31-34, which have been added depend on Claim 16 and partake of its allowability.

Formal drawings are annexed hereto.

The Application as amended is now believed in condition for allowance and such favorable action is respectfully requested.

Respectfully submitted,
